

Designed with 1/4" and 5/32" flatheads on either end, these alignment tools are perfect for aligning or removing most variable capacitors, coils, and resistors without damaging them. These alignment tools feature the following:

- Made of high impact non-conductive thermoplastic material for durability and safety
- Can also be used to separate wire bundles and fine wire terminals in computers without damaging them
- Includes (10) alignment tools
- Lifetime Warranty

SPECIFICATIONS	
END TYPE	Double Slotted
END WIDTHS	1/4" (6.35 mm) and 5/32" (3.97 mm)
PRODUCT MATERIAL	ABS
WEIGHT	0.11 lb (49.94 g)
UPC #	811490013780
